

PRODUCT DESCRIPTION

REVASTAB – M205

Description

Revastab -M205 is refined quality carrageenan E407 which is obtained by extraction from natural strains of red seaweeds. It has good synergistic gel effect with konjac gum.

Application areas

Meat products

Physical/Chemical Specifications

(Methods of analysis available on request)

Appearance	Yellowish to white flowing powder
Particle Size (120 mesh) (%)	≥ 90
Viscosity (mPa.s)	≥ 5
Water Gel Strength	≥ 1600
pH Value (1.5%, 25 °C)	8.0-11.0
Loss on Drying (%)	≤ 12.0
Ash (%)	15-40

Potential Benefits

1. Helps to provide gel shape, and reduces syneresis.
2. Provides a pleasant mouthfeel taste.

Microbiological Specifications

Total Plate Count (CFU/g)	≤ 5000
Yeasts and Molds (CFU/g)	≤ 300
Salmonella (/10 g)	Negative
E.coli (/5 g)	Negative

Usage Levels

The following general guidelines can be given:

Meat products 0.3% - 0.8%

Heavy Metal Specifications

Arsenic (As) (mg/kg)	≤ 3
Lead (Pb) (mg/kg)	≤ 5
Mercury (Hg) (mg/kg)	≤ 1
Cadmium (Cd) (mg/kg)	≤ 2

Directions for Use

1. Blend with other gums or directly used in the production process of end-products.
2. It's suggested to mix with other ingredients, then disperse into cold water to avoid agglomerate.
3. Usage amount depends on the actual demand in production process.

Shelf Life and Storage Condition

Shelf life is 24 months from the date of production.
Stored with sealed package in a cool and dry place.

This information comes from our research and testing and is thought to be reliable. Users must check and confirm that the product suits their purposes and meets legal requirements. No warranty is given, and we do not accept any responsibility for patent violations or other damages related to the product's use.

Purity and Legal Status

Revastab -M205 meets the specifications laid down by GB 1886.169-2016, the FAO/WHO, the EU, the Food Chemicals Codex and is covered by EU reference no. E407.

Local food regulations should always be consulted concerning the status of this product, as legislation country. Advice regarding the legal status of this product may be obtained on request.

Safety and Handling

Material Safety Data Sheet (MSDS) is available on request.

Packaging

Paper sacks with polyethylene liner 25K

GMO Status

Revastab -M205 does not consist of, nor contain, nor is produced from genetically modified organisms according to the definitions of Regulations (EC) 1829/2003 and Regulations (EC) 1830/2003 of the European Parliament and of the Council of 22 September 2003. For the raw materials having the potential of being produced from genetically modified organisms we have obtained written information from our suppliers stating that the raw materials are not produced from genetically modified organisms according to the definitions of the above mentioned EC Regulations.

Allergens

Below table indicates the presence(as added component) of the following allergens and products there of:

Yes	No	Allergens	Components
	×	Cereals containing gluten	
	×	Crustaceans	
	×	Eggs	
	×	Fish	
	×	Peanuts	
	×	Soybeans	
	×	Milk (including lactose)	
	×	Nuts	
	×	Celery	
	×	Mustard	
	×	Sesame seeds	
	×	Lupin	
	×	Molluscs
