

TECHNICAL SHEET *Think natural.®* Niseen®-S

Think natural.® Niseen®-S

Natural antimicrobial - Material no. SBR101

Description

Nisin, the active ingredient in Niseen®-S, is a natural protective ingredient consists of several closely related polypeptides used to prevent spoilage and extend shelf life of various foods by inhibiting Gram-positive spoilage and pathogens.

Functional uses

Natural antimicrobial preservative, against Gram-positive bacteria. It is effective in a variety of applications. including processed cheese and cheese spreads, blended cheese, club cheese, direct acidified fresh cheese, natural ripened cheese; cream products; dairy and fat based desserts, yoghurt, flavoured milk and milk drinks; fruit and vegetable preparations; dips and snacks; pasteurised liquid egg products; slices and toppings; canned food; processed meats and fermentation products such as beer.

Key benefits

- Natural and non-animal source
- Effectively inhibit Gram-positive bacteria, and controls pathogens, such as Clostridium botulinum, Listeria monocytogenes, and Bacillus cereus
- Extends shelf life
- Reduces processing time and lower processing temperature
- Effective over a wide range of pH values (3-8)
- Secures desired food flavors
- Improves cost efficiency due to the low dosage rate used
- Meets consumer demands for food protected with natural antibacterial by fully or partially replacing synthetic additives

Usage levels

The recommended dosage of Niseen®-S is in the range 25-500 mg per kg or litre of food. The actual dosage depends on the nature of the product for which it is intended.

Directions for use

Niseen®-S should be added to heat processed foods by through dispersion in the food substrate prior to the heating process. Niseen®-S can be added directly to the food as a dry powder or as a pre-suspension in water or milk. In certain processing situations there may be potential for adding Niseen®-S by other methods, such as dipping or after a fermentation process, e.g. stirred yoghurt. Advice should be sought for these more specialised food application areas.

Think natural.® Niseen®-S

Natural antimicrobial - Material no. SBR101

Composition	Specifications*
Nisin (E 234)	Min. 1,000 IU/mg
Sodium chloride	Min. 50%
Physical/chemical properties	Specifications*
Appearance at 20°C	Powder
Colour	Off-white to light tan
pH of 10% solution	3,3 - 3,8
Loss on drying	Max. 3%
Arsenic	Max. 1 mg/kg
Lead	Max. 1 mg/kg
Mercury	Max. 1 mg/kg
Microbiological properties	Specifications*
Total plate count	Max. 10 cfu/g
Salmonella in 25 g	Absent
Coliform bacteria	Max. 30 MPN/100g
E.coli in 25 g	Absent
Nutritional data	
Energy	200 kJ/100 g
Protein	5 g/100 g
Carbohydrate	6,5 g/100 g
Fat	0,3 g/100 g
Ash	87 g/100 g
Moisture	1,2 g/100 g
Total sodium	32,5 g/100 g

Allergens

According to EU Directive 2000/13/EC amended by Directive 2007/68/EC

	PRESENCE Yes/No	COMMENTS
Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut or their hybridised strains) and products thereof	NO	Barley source used as raw material fermentation nutrient.
Crustaceans and products thereof	NO	
Eggs and products thereof	NO	
Fish and products thereof	NO	
Peanuts and products thereof	NO	
Soybeans and products thereof	NO	
Milk and products thereof (including lactose)	NO	
Nuts i. e. almond (<i>Amygdalus communis</i> L.), hazelnut (<i>Corylus avellana</i>), walnut (<i>Juglans regia</i>), cashew (<i>Anacardium occidentale</i>), pecan nut [<i>Carya illinoensis</i> (Wangenh.) K. Koch], Brazil nut (<i>Bertholletia excelsa</i>), pistachio nut (<i>Pistacia vera</i>), macadamia nut and Queensland nut (<i>Macadamia ternifolia</i>) and products thereof	NO	
Celery and products thereof	NO	
Mustard and products thereof	NO	
Sesame seeds and products thereof	NO	
Sulphur dioxide and sulphites at concentrations of more than 10 mg/Kg or 10 mg/litre expressed as SO ₂	NO	
Lupin and products thereof	NO	
Molluscs and products thereof	NO

Think natural.® Niseen®-S

Natural antimicrobial - Material no. SBR101

GMO status

According to regulations EC no. 1829/2003 and 1830/2003: The raw materials and processing aids used in the production of this product do not contain or consist of GMOs, and are not produced from GMOs.

Storage

Product should be stored in cool (<25°C) and dry conditions (<65% RH). When opened, store between 4-25°C in original package in dry conditions, away from direct sunlight.

Shelf life

24 months from date of production when stored according to recommendations.

Packaging

10 kg per carton / 20 x 500 gram jars

Legal status

The active ingredients Nisin in Niseen®-S is food grade and complies with Commission Regulation (EU) No 231/2012 (9 March 2012). Nisin complies with purity characteristics set forth by EU regulations, US FDA Code, FAO/WHO and Food Chemical Codex. The regulations governing the use of Nisin vary considerably in the countries in which it is currently approved. Local food and/or feed regulations should always be consulted concerning the status of this product, as legislation regarding its use in food or feed may vary from country to country.

Safety and handling

A Material Safety Data Sheet (MSDS) is available on request.

Country of origin

The Netherlands
